EDUCATION:

- B.Tech CSE | GNIET, Nagpur | 2021-2025 CGPA: 7.87
 - 12th (HSC) | Nirala Jr. College, Nagpur | 2021 Percentage: 92.33%
 - 10th (SSC) | Podar International School, Gondia | 2019 Percentage: 84.60%
-

PROFESSIONAL EXPERIENCE:

Full Stack Web Development Intern | Codveda Technologies (Remote) | Jan 2026 – Feb 2026

- Engineered a high-performance Social Media Platform (Fusion-Social-Media-Platform) leveraging React.js, optimizing frontend state management and asynchronous follower tracking pipelines.
- Managed production codebase version control workflows via Git/GitHub, reducing cross-functional team merge conflicts by 15% through structured branching strategies.

Recruitment Operations Intern & Volunteer | HCLTech (Nagpur) | Dec 2024

- Coordinated end-to-end applicant tracking pipelines and real-time profile sorting workflows for over 1,000+ candidates with 100% operational accuracy during the two-day Mega Recruitment Drive (Dec 7th – Dec 8th) at MIHAN SEZ.
- Spearheaded structured data processing workflows and collaborated closely with corporate recruitment panels to ensure smooth high-volume candidate filtering and technical evaluation timelines.

Full Stack Web Development Intern | Bharat Intern (Remote) | March 2024 – April 2024

- Designed an optimized full-stack personal portfolio platform utilizing the MERN stack, React Router DOM, and Framer Motion animation matrices.
- Integrated secure server-side automated communication channels using custom Nodemailer modules connected to real-time client forms.

Full Stack Web Development Intern | Webstack Academy (Remote) | Feb 2024 – March 2024

- Architected a robust Hotel Booking Application (Homely-Hub) deploying React.js and Express.js, featuring secure token-based user authentication (JWT).
- Optimized REST API architectures and cloud database queries, boosting real-time system booking response efficiency metrics by 30%.

Web Development Intern | InternPe (Remote) | May 2023 – June 2023

- Engineered interactive JavaScript calculation workflows (Calculator) integrated with robust runtime exception validation and mathematical error handling algorithms.
 - Architected a 100% responsive user interface leveraging CSS Flexbox and Grid, eliminating cross-browser layout compatibility bugs.
-

TECHNICAL SKILLS:

- **Languages:** JavaScript (ES6+), HTML5, CSS3, C++, C
- **Frontend:** React.js, React Router, Bootstrap, Framer Motion, Tailwind CSS, Flexbox, CSS Grid
- **Backend:** Node.js, Express.js, RESTful APIs, Stripe API, JWT (JSON Web Tokens)

- **Databases & Cloud:** MongoDB (Atlas / Compass), Mongoose, Cloudinary
 - **Tools:** Git, GitHub, Postman
-

PERSONAL PROJECTS:

Green-Cart (E-Commerce Platform) | React.js, Node.js, Express.js, MongoDB, Tailwind CSS, Stripe API

- Engineered a full-featured online storefront utilizing React.js and Node.js to integrate advanced multi-tier product filtering and fluid checkout pipelines.
- Integrated the Stripe API alongside MongoDB database layers to process secure end-to-end user payment transactions with real-time validations.

College-EMS (Event Management System) | React.js, Node.js, Express.js, MongoDB, Bootstrap

- Developed a centralized full-stack event registration and management application utilizing React.js, Node.js, and Bootstrap.
- Created optimized API endpoints to handle student registration, scheduling workflows, and data logging efficiently.

Text-to-Speech-Converter (Web Utility) | JavaScript, Web Speech API, CSS3

- Developed a lightweight web application that converts real-time text inputs into natural human speech using the native Web Speech API.
 - Designed a responsive UI with custom CSS to ensure clean rendering and cross-browser compatibility.
-

CERTIFICATIONS:

- **Infosys Springboard** – HTML5, CSS3, JavaScript, Front End Web Developer, Basics of Business Communication, Design Thinking, MERN: Advanced MERN Development
 - **TCS iON** – Communication Skills, Presentation Skills, Interview Skills, Prepare a Strong Resume and Cover Letter
 - **The Digital Adda** – Web Development, Full Stack Web Development
 - **Disha Computer Institute** – C, C++
-

EXTRACURRICULAR ACTIVITIES:

- **Campus Ambassador** – Represented and promoted partner organizations on campus to drive student engagement.
- **Community Engagement** – Contributed to local service projects and organized community events as an active Rotaract Club member.
- **Team Management** – Coordinated group activities and fostered collaborative environments to achieve project goals efficiently.
- **Volunteer** – Participated in high-impact events, workshops, and donation drives to support smooth operational execution.
- **Event Planning** – Assisted in planning and executing college events, ensuring proper logistics and participant management.
- **Community Outreach** – Organized awareness campaigns and social drives to address local community issues.
